**PROPOUNDING PARTY:** Defendant, COUNTY OF SAN BERNARDINO

**RESPONDING PARTY:** Plaintiff, ANNABELLE BOTTEN

**SET NUMBER:** One

**TO PROPOUNDING PARTY AND THE ATTORNEY(S) OF RECORD:**

Plaintiff has not fully completed an investigation of the facts relating to this case, has not fully completed discovery in this action and has not completed trial preparation. All of the answers contained herein are based only upon such information and documents which are presently available to, and specifically known to this responding party and disclose only those contentions which presently occur to such responding party.

It is anticipated that further discovery, independent investigation, legal research and analysis will supply additional facts, add meaning to the known facts, as well as establish entirely new factual

1 conclusions and legal contentions, all of which may lead to substantial additions to, changes in, and  
2 variations from the contentions herein set forth. The following interrogatory responses are given  
3 without prejudice to responding party's right to produce evidence of any subsequently discovered fact  
4 or facts which this responding party may later recall. Plaintiff accordingly reserves the right to change  
5 any and all answers herein as additional facts are ascertained, analyses are made, legal research is  
6 completed, and contentions are fashioned. The answers contained herein are made in a good faith  
7 effort to supply as much factual information and as much specification of legal contentions as is  
8 presently known by this responding party and should in no way be construed so as to preclude, or  
9 foreclose further discovery, research or analysis by said party.

10 The following general objections are made to each and every interrogatory and are deemed to  
11 be incorporated into the specific objection and response provided to each interrogatory:

12 Each of the following General Objections is incorporated as an objection to each interrogatory  
13 herein whether or not specific reference is made thereto:

14 1. Plaintiff objects on the grounds that she has not completed her factual investigation.  
15 These responses are made in good faith and after diligent inquiry into the facts and information now  
16 known to Plaintiff as well as her present analysis of the case. However, information that may be  
17 responsive to the Interrogatories may not yet have been discovered. Accordingly, without asserting an  
18 obligation to do so, and without waiving the objections asserted herein, Plaintiff reserves the right to  
19 amend and/or supplement her responses as and when additional information is discovered.  
20 Additionally, because Plaintiff's responses are based upon information that she recalls and has  
21 identified to date, it does not preclude Plaintiff from relying on facts or documents recalled, discovered  
22 or generated pursuant to subsequent investigation and discovery.

23 2. Plaintiff objects to the Interrogatories to the extent that they seek irrelevant information  
24 and information that is not reasonably calculated to lead to the discovery of admissible evidence.

25 3. Plaintiff objects to the Interrogatories to the extent that they are over-broad, vague,  
26 ambiguous, and unduly burdensome.

27 4. Plaintiff objects to the Interrogatories to the extent that they are vague and ambiguous  
28 and phrased so as to require Plaintiff to speculate concerning the meaning intended by Defendant.

**RESPONSES BY PLAINTIFF ANNABELLE BOTTEN TO INTERROGATORIES (SET ONE)**

1 5. Plaintiff objects to the Interrogatories to the extent that they call for information  
2 protected from discovery by the attorney-client privilege, the attorney work-product doctrine and/or  
3 other applicable privileges and protections.

4 6. Inadvertent disclosure of such information shall not constitute a waiver of any privilege  
5 or ground for objecting to disclosing such information and shall not waive Plaintiff's right to object to  
6 the use of such information.

7 7. Plaintiff objects to the Interrogatories to the extent that they seek information that  
8 infringes upon the privacy rights of Plaintiff or third parties.

9 8. Plaintiffs object to the Interrogatories to the extent that they seek information already  
10 known by, or reasonably accessible to Defendants, or facts that are solely within the knowledge and  
11 control of Defendants.

12 Plaintiff's objections to the disclosure of any information requested in the Interrogatories are  
13 not and shall not be construed as an admission that any such information exists.

It is anticipated that further discovery, independent investigation, legal research and analysis will supply additional facts, add meaning to the known facts, as well as establish entirely new factual conclusions and legal contentions, all of which may lead to substantial additions to, changes in, and

1 variations from the contentions herein set forth. The following interrogatory responses are given  
2 without prejudice to responding party's right to produce evidence of any subsequently discovered fact  
3 or facts which this responding party may later recall. Plaintiff accordingly reserves the right to change

17 obligation to do so, and without waiving the objections asserted herein, Plaintiff reserves the right to  
18 amend and/or supplement his responses as and when additional information is discovered.  
19 Additionally, because Plaintiff's responses are based upon information that he recalls and has  
20 identified to date, it does not preclude Plaintiff from relying on facts or documents recalled, discovered  
21 or generated pursuant to subsequent investigation and discovery.

22 2. Plaintiff objects to the Interrogatories to the extent that they seek irrelevant information

25 ambiguous, and unduly burdensome.

26 4. Plaintiff objects to the Interrogatories to the extent that they are vague and ambiguous

WAYNE BOTTEN SR. TO  
INTERROGATORIES (SET ONE)**

**PROPOUNDING PARTY:** Defendant, COUNTY OF SAN BERNARDINO

**RESPONDING PARTY:** Plaintiff, JONATHAN WAYNE BOTTEN SR.

**SET NUMBER:** One

**TO PROPOUNDING PARTY AND THE ATTORNEY(S) OF RECORD:**

Plaintiff has not fully completed an investigation of the facts relating to this case, has not fully completed discovery in this action and has not completed trial preparation. All of the answers contained herein are based only upon such information and documents which are presently available to, and specifically known to this responding party and disclose only those contentions which presently occur to such responding party.

It is anticipated that further discovery, independent investigation, legal research and analysis will supply additional facts, add meaning to the known facts, as well as establish entirely new factual conclusions and legal contentions, all of which may lead to substantial additions to, changes in, and

1 variations from the contentions herein set forth. The following interrogatory responses are given  
2 without prejudice to responding party's right to produce evidence of any subsequently discovered fact  
3 or facts which this responding party may later recall. Plaintiff accordingly reserves the right to change  
4 any and all answers herein as additional facts are ascertained, analyses are made, legal research is  
5 completed, and contentions are fashioned. The answers contained herein are made in a good faith  
6 effort to supply as much factual information and as much specification of legal contentions as is  
7 presently known by this responding party and should in no way be construed so as to preclude, or  
8 foreclose further discovery, research or analysis by said party.

9 The following general objections are made to each and every interrogatory and are deemed to  
10 be incorporated into the specific objection and response provided to each interrogatory:

11 Each of the following General Objections is incorporated as an objection to each interrogatory  
12 herein whether or not specific reference is made thereto:

13 1. Plaintiff objects on the grounds that he has not completed his factual investigation.

15 known to Plaintiff as well as his present analysis of the case. However, information that may be  
16 responsive to the Interrogatories may not yet have been discovered. Accordingly, without asserting an  
17 obligation to do so, and without waiving the objections asserted herein, Plaintiff reserves the right to  
18 amend and/or supplement his responses as and when additional information is discovered.  
19 Additionally, because Plaintiff's responses are based upon information that he recalls and has  
20 identified to date, it does not preclude Plaintiff from relying on facts or documents recalled, discovered  
21 or generated pursuant to subsequent investigation and discovery.

22 2. Plaintiff objects to the Interrogatories to the extent that they seek irrelevant information  
23 and information that is not reasonably calculated to lead to the discovery of admissible evidence.

24 3. Plaintiff objects to the Interrogatories to the extent that they are over-broad, vague,  
25 ambiguous, and unduly burdensome.

26 4. Plaintiff objects to the Interrogatories to the extent that they are vague and ambiguous  
27 and phrased so as to require Plaintiff to speculate concerning the meaning intended by Defendant.

28 5. Plaintiff objects to the Interrogatories to the extent that they call for information

1 protected from discovery by the attorney-client privilege, the attorney work-product doctrine and/or  
2 other applicable privileges and protections.

3 6. Inadvertent disclosure of such information shall not constitute a waiver of any privilege  
4 or ground for objecting to disclosing such information and shall not waive Plaintiff's right to object to  
5 the use of such information.

6 7. Plaintiff objects to the Interrogatories to the extent that they seek information that  
7 infringes upon the privacy rights of Plaintiff or third parties.

8 8. Plaintiffs object to the Interrogatories to the extent that they seek information already  
9 known by, or reasonably accessible to Defendants, or facts that are solely within the knowledge and  
10 control of Defendants.

11 Plaintiff's objections to the disclosure of any information requested in the Interrogatories are

12 video of a portion of the incident at around 2:42 a.m. Plaintiff then went to get ready for work. While

25 his wife had been shot. He first encountered CHP officers who looked at him and then ignored him. He  
26 then saw sheriff's deputies walking towards his fence. He yelled at the deputies and told them to jump  
27 his fence to help his wife. The deputies came over to him and Plaintiff brought his wife outside and sat  
28 her on their bench outside. One of the deputies told Plaintiff to go get towels. Plaintiff went back

1 inside, got towels, and came back out. He then observed his son exiting the house, holding his life side.  
2 His son then said to him something to the effect of, "Hey dad, I think I got shot. I can't breathe." He  
3 brought his son to sit on the bench next to his wife. At some point, Plaintiff's wife and son were loaded  
4 onto separate ambulances. As Plaintiff was talking to the paramedics, giving them his wife and son's  
5 information, a paramedic asked him whether he had been shot. Plaintiff replied that he didn't know.  
6 Plaintiff then took off his flannel and saw for the first time that he had blood all over his arms. The  
7 paramedics then cut his shirt off and called for another ambulance. While he was waiting, Plaintiff  
8 smoked a cigarette and walked over to a neighbor, telling the neighbor that he had been shot. When the  
9 third ambulance pulled up, the personnel initially approached the subject on the ground who had been  
10 shot by the officers. However, one officer told them something to the effect of, "No, not him. He's  
11 dead. We've got someone over her," indicating towards Plaintiff. After Plaintiff had been loaded onto  
12 the ambulance, a CHP Officer whom Plaintiff believed was named "Muntz" approached Plaintiff and  
13 said something to the effect of, "Hey, I just wanted to let you know the suspect shot first." Plaintiff

**PROPOUNDING PARTY:** Defendant, COUNTY OF SAN BERNARDINO  
**RESPONDING PARTY:** Plaintiff, TANJA DUDEK-BOTTEN  
**SET NUMBER:** One

**TO PROPOUNDING PARTY AND THE ATTORNEY(S) OF RECORD:**

Plaintiff has not fully completed an investigation of the facts relating to this case, has not fully completed discovery in this action and has not completed trial preparation. All of the answers contained herein are based only upon such information and documents which are presently available to, and specifically known to this responding party and disclose only those contentions which presently occur to such responding party.

It is anticipated that further discovery, independent investigation, legal research and analysis will supply additional facts, add meaning to the known facts, as well as establish entirely new factual

1 conclusions and legal contentions, all of which may lead to substantial additions to, changes in, and  
2 variations from the contentions herein set forth. The following interrogatory responses are given  
3 without prejudice to responding party's right to produce evidence of any subsequently discovered fact  
4 or facts which this responding party may later recall. Plaintiff accordingly reserves the right to change  
5 any and all answers herein as additional facts are ascertained, analyses are made, legal research is  
6 completed, and contentions are fashioned. The answers contained herein are made in a good faith  
7 effort to supply as much factual information and as much specification of legal contentions as is  
8 presently known by this responding party and should in no way be construed so as to preclude, or  
9 foreclose further discovery, research or analysis by said party.

10 The following general objections are made to each and every interrogatory and are deemed to  
11 be incorporated into the specific objection and response provided to each interrogatory:

12 Each of the following General Objections is incorporated as an objection to each interrogatory  
13 herein whether or not specific reference is made thereto:

14 1. Plaintiff objects on the grounds that she has not completed her factual investigation.  
15 These responses are made in good faith and after diligent inquiry into the facts and information now  
16 known to Plaintiff as well as her present analysis of the case. However, information that may be  
17 responsive to the Interrogatories may not yet have been discovered. Accordingly, without asserting an  
18 obligation to do so, and without waiving the objections asserted herein, Plaintiff reserves the right to  
19 amend and/or supplement her responses as and when additional information is discovered.  
20 Additionally, because Plaintiff's responses are based upon information that she recalls and has  
21 identified to date, it does not preclude Plaintiff from relying on facts or documents recalled, discovered  
22 or generated pursuant to subsequent investigation and discovery.

23 2. Plaintiff objects to the Interrogatories to the extent that they seek irrelevant information  
24 and information that is not reasonably calculated to lead to the discovery of admissible evidence.

25 3. Plaintiff objects to the Interrogatories to the extent that they are over-broad, vague,  
26 ambiguous, and unduly burdensome.

27 4. Plaintiff objects to the Interrogatories to the extent that they are vague and ambiguous  
28 and phrased so as to require Plaintiff to speculate concerning the meaning intended by Defendant.

**RESPONSES BY PLAINTIFF TANJA DUDEK-BOTTEN TO INTERROGATORIES (SET ONE)**

1 5. Plaintiff objects to the Interrogatories to the extent that they call for information  
2 protected from discovery by the attorney-client privilege, the attorney work-product doctrine and/or  
3 other applicable privileges and protections.

4 6. Inadvertent disclosure of such information shall not constitute a waiver of any privilege  
5 or ground for objecting to disclosing such information and shall not waive Plaintiff's right to object to  
6 the use of such information.

7 7. Plaintiff objects to the Interrogatories to the extent that they seek information that  
8 infringes upon the privacy rights of Plaintiff or third parties.

9 8. Plaintiffs object to the Interrogatories to the extent that they seek information already  
10 known by, or reasonably accessible to Defendants, or facts that are solely within the knowledge and  
11 control of Defendants.

12 Plaintiff's objections to the disclosure of any information requested in the Interrogatories are  
13 not and shall not be construed as an admission that any such information exists.

22 watched, she saw sparks in her face coming through screen door. Plaintiff was trying to push husband  
23 away from screen door when she saw the sparks. Plaintiff then fell backwards and hit the hallway wall.  
24 Plaintiff's husband then went to get help. While outside, Plaintiff's son came out and told her that he  
25 had been shot as well. Plaintiff freaked out at the news because her son had a heart murmur and she  
26 was worried about him. While she was screaming all this, her mouth was full of blood and metal.  
27 Plaintiff also had difficulty breathing due to blood in her mouth and inside her throat. At some point,
